FAQs

What is The Level-Up Club (TLC), and how does it work?

TLC is a community-based program offering meditation, personal branding and developmental masterclasses, tech tools, and group coaching. Members learn and contribute at their own pace with access to experts.

What is the difference between the free and founding member levels?

Our free tier gives you a sneak peek into TLC while we grow to our first 100 members. Founding Members get full access to masterclasses, tools, meditations, group coaching—and can also share their own offerings with the community (in alignment with our mission).

How often are group coaching sessions held?

Group coaching sessions are typically held bi-weekly or monthly, depending on the program structure.

Can I upgrade from TLC to personalized consulting services?

Yes, you can transition to our consulting services or add on 1:1 coaching services at any time. We often provide special offers for TLC members.

What payment options do you offer for your services?

All major credit cards.

How do I cancel?

We hope you'll stay and grow with us, but if you need to cancel, we've made it simple. The Level-Up Club has a 3-month minimum commitment. After that, you can cancel anytime with 30 days' written notice. Your membership will remain active through your current billing cycle.

Why a 3-month minimum?

TLC offers high-value experiences—from masterclasses worth \$500+ to expert tools and community support. The 3-month minimum helps us cover essential costs and keep this vibrant space running for all members. It also gives you enough time to build momentum and experience real transformation.
